

Wicklow County
ARTIST OPPORTUNITIES 2017

CALL FOR PROPOSALS

Strategic Proposals
for WCAO programme
for 2018

Wicklow County Arts Office has developed in the last number of years a series of strategic approaches to supporting the artist, arts participation and art-form development. These have been realised through the extension of projects and programmes which have seen the Arts Office act in varying roles of production, collaboration, curation and commissioning.

Background

During the lifetime of the upcoming arts strategy, we intend to consolidate the role of the arts office in strategically cultivating the arts, continuing to produce new and exciting work in the county and to remain ambitious about what is possible. Our intention through this call is to move towards the realisation of this intention through partnership.

Wicklow County Arts Office is seeking applications from interested parties for funding to collaboratively develop and deliver new projects of high quality and impact during 2018 which will enhance and complement the Arts Office strategic development of the arts in the county.

**Purpose & Nature
of Scheme**

This is the fifth year that this scheme has been offered. Successfully awarded projects for 2016 included a short film written and produced around Tinahely playwright Sinead O' Loughlin, Sven Anderson took up residence in a commercial outlet in Bray and an Art & Philosophy series in Enniskerry and Bray primary schools by curators Jennie Guy and Katy Fitzpatrick and philosopher Aislinn O' Donnell. Information on projects which were awarded in 2018 will follow on <http://www.wicklow.ie/strategic-art-projects>

The Arts Office is particularly interested to hear from national resource organisations, individual curators and artist collectives who have the potential to propose projects which will nurture practice, create connectivity, generate new perspectives and voices within the cultural life of the county and support a diversity of approach.

Proposals should be for new initiatives which add significant value to arts practice, experience and participation in Wicklow and support the Arts Office strategic goals for the arts in 2018.

This programme is open to individuals and organisations from Ireland across all arts disciplines. Reflecting the balance of other elements of the Arts Office programme, the Arts Office would particularly welcome strong applications in the art-form areas of literature, film, dance, artist development, music and visual arts.

The Arts Office is open to all imaginative projects. By way of example (only), such initiatives might result in the following outcomes:

- Development of artist collective(s) /community(ies) of practice within the county
- Inter-regional collaborations by County Wicklow based artists for work to culminate in presentation in the county
- Development and/or presentation of ambitious new work sited / situated in the county
- Projects which will create strategic connections for artform development
- Initiatives which propose high quality public participation opportunities
- Initiatives which may increase artists' communication in the county

The total amount of the fund available is subject to finalisation of the Council's own funding for 2017 but is likely to be a maximum of €30,000 over the two years of the programme.

The Arts Office may fund up to four individual projects to a maximum of €15,000 as a result of this call. The Arts Office will particularly welcome applications where the support from Wicklow County Arts Office may form part of a wider budgetary framework for the initiatives proposed by applicants. In such cases, applicants are asked to specify confirmed other sources of income which may contribute to the application.
