

# Arklow to Shillelagh Recreational Trail

**Shillelagh - Tinahely - Aghrim - Woodenbridge - Arklow**

A Feasibility Study is underway and we invite submissions and ideas on the project. Input from the public is important in ensuring that the project can be delivered by consensus and will also meet local expectation.

## A New Recreation & Tourism Facility

The idea of the Arklow Shillelagh Amenity Trail is to develop a new walking and cycling amenity, building on the success of the Tinahely Railway Walk locally, and other 'Greenway' attractions, and extending that idea to connect the other villages and communities along the valley.

## Public Information Event

A Public Information Event will be held on Thursday 19th October 2017 at 8:00pm in Lawless's Hotel, Aghrim. During this event Project Team members will be available to discuss the project and to receive suggestions and feedback.
