To whom it may concern,

I wish to place a submission against Wicklow County Councils planning application for a new greenway around Blessington lakes.

I am in favour of the greenway in many ways, but unfortunately due to a total change of plan by Wicklow Co. Co. I wish to object to the placing of traffic lights on the bridges around the lake.

My concern is for the predicted number of visitors to our area who would be more than welcome but the negative impact the traffic would cause if it couldn't flow freely around the lake.

If Wicklow Co. Co. could go back to its original plan and consult with our community to make a more suitable plan to include a safer option for walkers/cyclist on these bridges.

All the best.

Barry Murphy
