The Board entered into a lengthened discussion relative to a report which appeared in a local newspaper of the proceedings of the Guardians on a previous Board-day in which appeared a statement made by Mr. Tompely Guardian for Arklow Division to the effect that great destitution existed in the town of Arklow and numbers of persons were in very great distress in consequence of having been struck off the Out Door Relief List, and that one man had actually died from starvation.

Dr. Halpin, med^l off. of Arklow Dispy Dist. appeared before the Board and explained that destitution did not prevail in Arklow to the extent represented, and that the man in question — a person named Redmond — did not die from starvation as alleged, and was not in the state of destitution described, having worked and received wages (2/- a day) up to a short time of his death, and also having been in receipt of a weekly allowance from his nephew, a person in the employment of Lord

Corysfort -

Mr. Murphy expressed himself pleased to hear
Dr. Halpin's statement, with which the Board
expressed themselves as satisfied. -

The Clerk produced the Rate Books for the
New Rate, and Collectors Warrants and papers
and Articles, which were signed by the Chairman
and two of the Guardians.

Read the following report from Sanitary Sub-agent Levingston —

Gentlemen — I have to report

that all the notices for the abatement of nuisances in my district have been complied with, with the exception of that served on Mr. Kempenstal; nothing done in this case. — Mr. Kempenstal states he will turn the dwelling house complained of into an out office —

Order — The Sanitary Sub-officer to notice Kempenstal that if the house is not closed or made properly habitable in a week a summons will be issued against him. —

The following report was read from the Consulting Sanitary Officer. —

Gentlemen — In compliance with your order of the 7th instant I inspected the sanitary condition of the rear of the houses in the back lane of Rathdrum, and the best method of removing the nuisance complained of would be, in my opinion, by having built an open sewer, bottomed with bricks with a slope at either side; I recommend the same course to be carried out in 5 houses in the lower street. —

James Kane
Consulting Sanitary Officer

After the Board had fully discussed this question it was unanimously resolved to carry out the first order made on the recommendation of the Sanitary Officer; viz: to have covered sewers made; and the Sanitary Sub-officer was directed to notify to the owners of the houses in question that they will be required to provide these sewers without further delay. —

The following Letters from the Local Government Board for Ireland and others were read by the Clerk, and directions given to answer them respectively, to the following effect (or orders made on them respectively, as follows):

The Clerk placed before the Board the Statement of Account showing the progress made by each of the Poor Rate Collectors in the collection of the New Rate from which it appeared that no lodgement has been made by either Collector Brithistle or Smith; He reported that in obedience to the instructions of the Board he had written to Collectors Brithistle Smith and Loughlin calling on them to proceed with more energy in the discharge of their duty; That Collector Loughlin had since lodged £164, Collector Brithistle has written to say he will make a large lodgement on next Saturday, and Collector Smith has this day (Tuesday) sent in a Bank lodgement Receipt for £36—

The Clerk was directed to write to Collector Smith and inform him that they regarded the lodgement made by him as wholly inadequate, considering the time he has his Books,

and that if he does not proceed with more
 vigour in the collection of the Rates in his
 District the Guardians will be obliged to
 take serious notice of his chicanery and negligent
 conduct.

Recd Letter from Mr. Johnson, Solicitor, reporting to the Board the result of the proceedings instituted against Mr. Kavanagh, Road Contractor, to compel him to remove the nuisance off the road for which he is contractor —

Mr. Johnson states that he summoned Mr. Brett - County Surveyor - and Mr. Lambert assistant to Mr. Wynne - Secretary of Grand Jury who was absent in London, to produce the Pail Bond, Tender, Specification &c. relating to the Contract, Mr. Lambert produced the Pail Bond executed by Kavanagh which bound him to perform his Contract according to the terms of his Tender, The Tender was then produced and under that Kavanagh undertook to perform the Contract according to the terms of the Specification, then the original Specification was called for, Mr. Lambert said he thought Mr. Brett had it and he (Mr. Johnson) accordingly examined Mr. Brett when he states on Oath he had not it;

The upshot of the case was that in consequence of the non production of the Specification the Magistrates dismissed the case without prejudice and gave £3.3.0 costs against the Guardians —

Mr. Johnson gave it as his opinion that in point of law Kavanagh is bound to remove the nuisance complained of —

The Guardians gave instructions that the case should be brought on again and that Mr. Wynne - the Grand Jury Secretary - should be summoned to produce the original Specification, The following resolution was passed
Resolved —

That inasmuch as the question at issue in this case is very serious to the Sanitary

Authority, and as the decisions will form a rule for all cases of a similar nature, and as there is a point of Law involved which the Magistrates at Petty Sessions may not be able to decide in a manner that will be accepted by all parties as a final settlement of the point; the Executive Sanitary Officer be authorized, in case of an adverse decision by the Magistrates, to give notice of appeal to the Court of Quarter Sessions.

The following Letters from the Local Government Board for Ireland or others, relating to Sanitary Matters, were read, and directions given thereon as follows:—

The following report was received from the Committee appointed on last Board-day to enquire into the expenditure incurred by Sawy Sub-officer Evans in the cleaning of the Town of Arklow. — viz

Report —

The Committee appointed by the Board on the 21st of September having examined the accounts with reference to the Arklow Scavenging find that it appears from Mr Evans' statement that a total of 582 $\frac{1}{2}$ perches were cleaned and the scavengers paid by the Board of these 360 perches were in Lanes and no contract, and appear properly chargeable to sanitary expenditure — 190 perches are admitted by Mr Evans to have been on his contract and 32 $\frac{1}{2}$ on the Contract held by Thomas Kavanaugh and for which Kavanaugh was responsible, the total expenditure after making all fair deductions is £ 86-19-6 $\frac{1}{2}$ viz at the rate of 2-11 $\frac{1}{4}$ per perch the total irregularly cleaned by this statement 322 $\frac{1}{2}$ perches at a cost to the Board of £ 33-2-10 $\frac{1}{2}$

The Committee however find under the schedule of pre-arrangements that Mr Evans was concerned in a total Contract of 260 perches but he explains that of this 260 perches 40 perches on the Quay were never touched by the paid scavengers also 30 other perches on his Contract He admits himself as to 190 perches which would come to £ 27-18-1 $\frac{1}{2}$

The Committee therefore consider that the Executive Sanitary Officer should report after local inspections whether the 70 perches shall be deducted or not, should the Executive Officer be satisfied after enquiring therein — The Committee

Conceder

Consider Mr Evans should refund the Board the proportion of Expenditure the whole as 58 2/2 perches or 190 perches, should the Executive sanitary Officer not be satisfied as to the nonemployment on the 70 perches then the refund must be taken at 65 2/2 perches and Mr Evans should refund the proportion expended on 260 perches

The following Letters from the Local Government Board for Ireland and others were read by the Clerk, and directions given to answer them respectively, to the following effect (or orders made on them respectively, as follows):

Mr Munday R.O. reported to the Board the case of a man named Drew to whom his attention was called as he was leaving the town of Wicklow; He found the man in the Hotel yard in apparently a dying state, and believing him not to be in a fit state to remove to the Workhouse Hospital he at once procured the attendance of the Medical Officer - Dr Halpin - who pronounced him unfit to be removed to the Workhouse; The Relieving Officer at once procured lodgings and afforded provisional relief to the man - who was a stranger - but he died in a few hours. The man had been turned out of the Wicklow Infirmary three or four hours before the Relieving Officer's attention was called to him. -

An inquest was held on the remains and it appeared that blame was attributed to the Guardians for not having arrangements in existence for the transmission of patients

from the Wicklow Infirmary to the Workhouse.

Resolves -

That this Board wish it to be understood that had the Relieving Officer been applied to he would have sent the Workhouse car for the late Patrick Drew to the town of Wicklow but not to the Infirmary, it being opposed to the law to take a patient from a public Institution as he would not then be destitute. - We think the course pursued by the officials of the Infirmary highly culpable in this case. -

The following Letters from the Local Government Board for Ireland or others, relating to Sanitary Matters, were read, and directions given thereon as follows:—

The Executive Sanitary Officer reported to the Board that he had attended before the Magistrates at Wicklow on yesterday in the cases against the persons who refused to allow the Contractor for erecting the fountain in Irishtown, Wicklow, to lay down the pipes through their premises — The attorney for the Defendants contended that although the Sanitary Authority had power to lay down pipes through or under any street, road, curroway or land whatsoever, yet they had not the power of carrying pipes under houses; and inasmuch as in the present case the pipe will have to run under the very angles of the two houses the Magistrates doubted if they had power to authorize the work to be carried out as intended — It was however finally agreed by the parties to allow the pipe to be laid as required on the understanding that the Guardians would compensate them for any actual damage which may be done in carrying out the work; and on these conditions the proceedings were withdrawn —

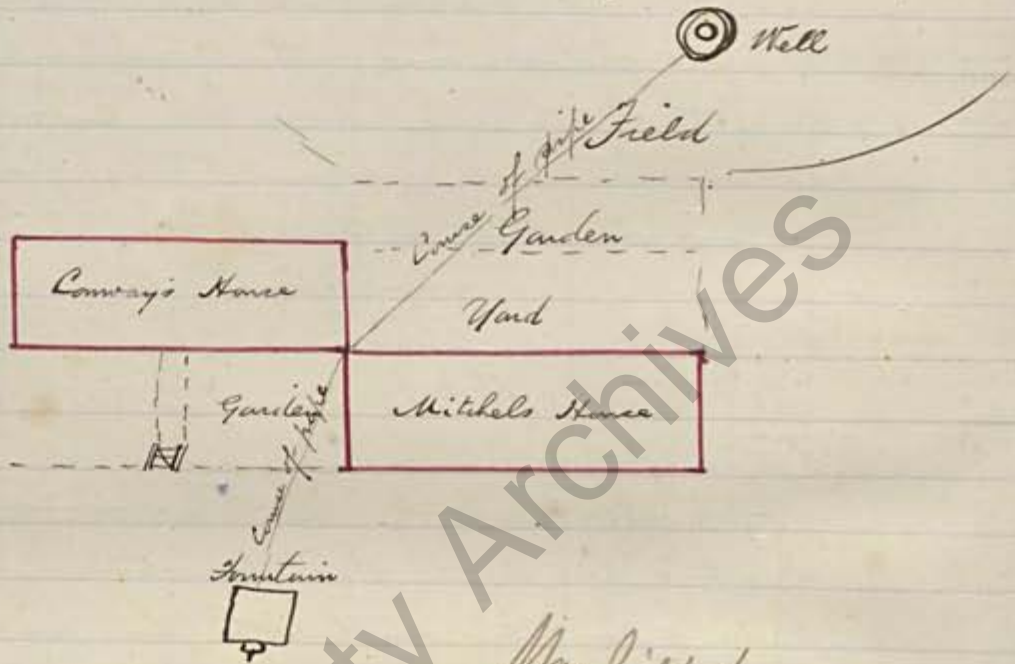

Resolved —

That inasmuch as in a proceeding instituted by the Board of Guardians as a Sanitary Board against two parties, named Conway and Mitchell, before the Justices at Wicklow Petty Sessions — The Justices declined making an order authorizing the Contractor to carry out the approved of plans the Justices considering that they had no power to compel the parties summoned to allow pipes to go under or through their dwelling houses,

It is therefore requested that the Local Government Board will be good enough to inform the Guardians if the Law allows such works to be carried out, and to refer

Sanitary

The Clerk laid before the Board an account of the Special Expenses incurred during the half year ended 29th Sept. 1875 under the Sanitary Acts with a view to the area of chargeability being fixed. The Guardians unanimously passed the following resolution in reference thereto —

Resolved —

That the Local Government Board be requested to fix the areas of charge for the following expenses incurred under the Sanitary Acts during the half year ended 29th of September last. —

Arklow	Scavenging, Disinfecting & Law Costs & Expenses etc.	87"17"0
Dung ^{tin} West	Disinfecting &	6"4
Glencree	Do	2"8
Newcastle upper	Law expenses	18"0
Rathdrum	Disinfecting &	18"0
Millow	Do " "	5"4"4
		£ 95"6"4

In fixing the limits of the contributory places for the above expenses the Guardians wish that the Local Government Board will adopt the Dispensary Districts as the area of charge, inasmuch as the expenses although in one sense local, yet for the most part they were for the general good of the Community, and ought therefore in the opinion of the Guardians be spread over the largest area the Local Government Board can determine. This observation may not apply to the Arklow expenses, but as the Dispensary District and Electoral Division

in this instance are Co-extensive, the area of charge would be the same in either case;

This Resolution is not to prejudice the Guardians in any action which they have taken, or may hereafter take in regard to the recovery from Sanitary Sub-officer Evans of certain monies expended by him in cleaning the town of Arklow, without the authority of the Guardians.

The following Letters from the Local Government Board for Ireland or others, relating to Sanitary Matters, were read, and directions given thereon as follows:—

In reply to this Letter the Guardians desire to observe, that in entering into the Contract referred to, they considered that they were simply exercising the authority vested in them by the Public Health of 1874, and acts incorporated therewith, as interpreted by the Local Government Board in their Letter of the 30th of November 1874; and they did not conceive that the powers conferred on the Sanitary Board by these Acts of Parliament, were in any way subject to the Grand Jury Act in

Waddy Swan of Wicklow, calling attention to the neglected state of that portion of the town of Wicklow in which he resides, viz: the Murronegh, both as regards a proper supply of pure water and also as regards proper sewerage,

Dr. Malpin states that he inspected the portion of Wicklow referred to by Mr. Swan, in company with the Sanitary Sub-Officer, both before and since the receipt of Mr. Swan's letter, that he found it abundantly supplied with pure water, and that he considers it one of the most healthy portions of his district.

Order — That the Sanitary Officer be requested to inspect the Murronegh again, and should he find any nuisance injurious to health, to report it to this Board. —
