Community Development (incl. sports facilities & schools, etc.)

Submission

We need a swimming pool and athletics track and West Wicklow needs proper sporting facilities.

Please designate sufficient land in the town to accommodate a swimming pool and a 400 meter track and associated facilities. This would be a facility that would be available to all within the community.

Our community is growing every year, we have no facilities for children and teenagers it's a disgrace that west wicklow continues to be ignored despite numerous promises. It's time for change and it's time the council take this seriously we don't want the greenaway we want facilities for our families and the children in our community.

Best wishes

Ciara
