Topic

Community Development (incl. sports facilities & schools, etc.)

Submission

I would like to request the council to designate an appropriate area of land for an athletics track and associated facilities Blessington. I am living in Valleymount/Ballyknockan area but I am originally from Blessington and the town has been crying out for this type of facility for years. It could be used by the local running club, the schools, community games etc. Other surrounding areas would also benefit as there is no proper athletics facilities in any of the nearby villages or towns either.

Thank you for taking the time to read my submission.
