Community Development (incl. sports facilities & schools, etc.)

Submission

I would like to see the council allocate land in the Blessington area to accommodate the local rugby club who have expanded so much over the last few years but are at the mercy of venues as they have nowhere or cannot get anywhere to call their own. This is a terrible situation.

I would also like to see somewhere for a 400 metre running track, the local community games like the Blessington Rugby Club do their work working with the youth in our area and have nowhere to call home. Both have been running for years and have been ignored by the council. Both are an integral part of the community and this need needs to be given serious consideration by the powers to be in providing and setting aside land for worthwhile and important clubs.
