Community Development (incl. sports facilities & schools, etc.)

Submission

A sports area with 400m running track would not only be a great addition but needed in Blessington. There are many families who would use and it would facilitate the development of athletics in the area. Athletic clubs close by such as Naas are not accepting new juvenile members so for kids who do not play or have an interest in Gaa but want to take part in a sport there is very little for them and this would be a great addition.
