Infrastructure (inc. Infrastructure Delivery Schedule)

Submission

Infrastructure in Wicklow Town and Rathnew not fit for purpose. Why are so many houses built without increasing and improving roads, schools, etc?

Topic

Transport Assessment / Transportation Strategy Map

Submission

Utterly useless for commuters. The N11 is atrocious in the mornings and it's a massive deterrent to me having a job that's not almost fully remote. What is going to be done about the N11 and lack of public transport to accommodate all of the new houses that were built here in the past 5 years?
