Topic

Community Development (inc. sports facilities & schools, etc)

Submission

As a family living in Wicklow for nearly twenty years, we are active members of many of the sports clubs in the town. Over the past number of years, with growing numbers of residents, the existing clubs have become over subscribed and severely lacking safe space and access to even basic amenities. In future planning for the growth of this community, it is imperative that it supports the development of the many sports organisations. In doing so, it would be prudent to allow as many of these organisations share a common site, benefiting from the facilities as a destination for sport and recreation together. I am requesting that in SLO6, the area zoned residential be changed to Active Open Space to allow a greater integrated piece of land be dedicated solely for the sports and recreational needs of this growing community.
