Community Development (incl. sports facilities & schools, etc.)

## Submission

West Wicklow needs proper athletics facilities.

Wicklow CoCo needs to designate sufficient land in the town to accommodate a 400 meter track and associated facilities. This would be a facility that would be available to all the community- school, striders, community games etc.

The town badly requires more infrastructure and facilities within the community given the level of planning permission granted for new estates granted in the last couple of years.
