1201
Dean Duns 29th

Having formally petitioned the Lordship & Burgeses of this Corporation
setting forth in his petition several allegations for abatement of Rent for
in respect of the late troublesome times & other reasons therein set
forth) in & for his said all holdings w^{ch} he holds under this Corporation
& that he might have a new lease granted from the said Corporation
of all his said holdings in his own name at & under such Rent &
duties & for such termes of years as the said Lordship & Burgeses
should thinke fit; upon reading of w^{ch} petition it was referred
to Owen Jones Esq^r & John Harketh Gent^l to examine & Inquire
into the Contents of the said petition & make their Report thereof
at this Assembly whereupon the said Owen Jones & John Harketh doe
make their Report therein as followeth Pursuant to the above
order to us directed also have viewed the said all particulars
holdings of the petitione Owen Jones & as to the piece of land called
the Common also find most of it to be very barren & unprofitable
that there are several inlets or roads through it to other lands set to other
Demitt of the Corporation w^{ch} is inconvenient & prejudiciall to the said
also find that the land called Cobberwiddy to be a small piece of land
less than an acre & that the petitione was forced to pay the fine mentioned
in his petitione merely for some money set to him away to a piece of
land on the south side of it that he holds of W^m Hooy Esq^r w^{ch} likewise
find the little piece of barren land & the walls of a house formerly demised by
the Corporation to W^m Hurr by him assigned to the said petitione & layd out
for the fine in the petitione mentioned a new piece of the petitione & harden to
be a very unprofitable & insignificant small piece of ground and also upon
serious consideration of the Rent & duties referred on the above three particulars
are of opinion that the same is too severall & that the petitione in reason
ought from Lady day last - for the future to have abatement as followeth
(videlicet) for the land called the Common four shillings & six pence & for the
six years, the land called Cobberwiddy two shillings & six pence & for the
& the other piece set to him two shillings & six pence & also in all lights one shilling
& six pence abatement then the Rent will amount to 3^l. 07^s. 06^d. & July 25th 1694
and as to the rest of his Concerns mentioned in the said petitione the Rent & duties
referred ought to continue as formerly: Also further wth submission are of opinion
that the petitione ought to have two years abatement of all the Rent & duties in
respect of the late troubles & in regard he made no profit or had any use of the
same and also thinke there can be no prejudice to the Corporation by arrest of a
summons by his former titles to the said premises contained in his petitione & to grant
him a new Lease in his own name for such termes of years as shall be thought fit
dated the 25th day of June 1694

Order accordingly that the said Dean shall have a Lease for 91 years to come
