The Reports of ~~Medical Officers~~ were read, and Orders were made thereon as follows:—

The following remarks have been made by the Auditor on my Petty Cash Book:—

I observe that there was a sum of £57.2.8 due by Joseph Cowley of Glencuf on the 29th of September last on account of the maintenance of his illegitimate children, of which £31.2.8 was due in respect of the decree obtained against him in June 1869 and the balance for the current expenses of the maintenance of his children in the Workhouse; I am informed by the Master that the Guardians hold security for the payment of the sum of the decree, but that they have no guarantee as to the payment of the expenses which have accrued and which will continue to accrue so long as the children remain in the Workhouse; The amount is a large one and I think that the Guardians should insist on

The Reports of Medical Officers were read, and Orders were made thereon as follows:—

The Reports of the Master and other Officers were read, and Orders made thereon as follows:—

Gentlemen

In accordance with your instructions I had an interview with Mr Joseph Cowley of Glencolmick with reference to the security for the payment of the current expenses of his illegitimate children, and requested him to name two persons as sureties to be laid before the Board at their special meeting to be held on the 17th instant for approval. He stated he would be prepared with the same sureties as for the Decrees but had not then obtained their sanction. Mr Cowley died suddenly on the 18th instant.

No order, the Guardians for Glencolmick Division not being present.—

The following Orders of the Poor Law Commissioners were laid before the Board, and directions given thereon, as follows:—

The following Letters from the Poor Law Commissioners and others were read by the Clerk, and directions given to answer them, respectively, to the following effect (or Orders made on them respectively, as follows):—

Circulars Dated 13th instant from the Poor Law Commissioners was laid before the Board pointing out the duties of the Clerk of the Union in relation to the Annual Election of Guardians to take place in March next. —

Read Letter from same dated 16th inst: approving of the proposal to pay Matthew Kenny at the rate of £12 per annum with Rations while temporarily employed as Workhouse Porter. —

Read Letter from same of same date informing the Guardians that they have received from their Inspector, Mr. Robinson, his half-yearly report relating to the Union in which he states that on inspecting the Workhouse on the 9th inst: he found it clean and in good order & the Schools well conducted. —

The Commissioners inform the Guardians that Mr. Robinson reported that the Infirmary Nurse had neglected to have a fire lit in the Male Accident Ward although it was nearly 12 o'clock and a very cold day; they call the attention of the Guardians

to the fact that it was found necessary to remove the Nurse in July last for misconduct and they request that she may be informed that if she shall again give cause for complaint her removal from office will be the result. —

The Commissioners further point out to the Guardians, as reported by Mr Robinson, the inconvenience which arises from not having a paid Wardsman to attend to a certain class of cases in the Male Infirmary Ward, and they request that the Guardians will have the goodness to take the necessary steps for the appointment of such an officer. —

The Commissioners request that the attention of the Relieving Officers may be called to the Commr's Order of the 10th of October 1862, which requires that Relieving Officers shall report monthly to the Board of Guardians every month on the state of the Children out at nurse, and that the Nurses shall be paid not less frequently than once a month. —

The following orders were made by the Guardians on the above letter — viz:

That the Clerk shall read to the Infirmary Nurse that portion of the Commissioners letter which refers to her, and inform her that if any other cause of complaint arises against her the Guardians will dispense with her services. —

That for the present it is not deemed necessary to appoint a Wards man for the Hospital. —

That the Nurses be paid quarterly still, as they prefer that mode of payment. — But that the R.O's report monthly as required by the Com^r's S.O.

The Guardians proceeded to take into consideration the notice of motion of Messrs Edge and Inter relative to the high average cost of the Hospitals, when after a lengthened discussion the following resolution was passed unanimously

Resolved

Resoluce -

That from the explanations offered we do not feel it necessary (after the suggestions we have offered) to take any steps in reference to the expenses of the Workhouse Hospitals. -

Matthew Kenny was unanimously elected to the office of Suter to the Workhouse at a salary of £12 a year with an apartment and Rations & a suit of clothes yearly. -

regulation. —

Ordered — That the Relieving Officers in future comply
with the Commissioners regulations regarding the pay-
ment of Nurses. —

Read the following extracts from the Report
of the District School Inspector relating to the Work-
house Schools —

In the boys school there is at present

but one boy who has advanced to the Fourth Book, but the third class contains several boys who are qualified for promotion to the higher grades, and the junior classes are very fairly prepared in the general course of study -

In the girls school I found ten pupils in Fourth class and ten in Third, the reading of these and of the second class was creditable, the writing very clean and improving in neatness of style, I observed also a better knowledge of arithmetical tables than was shown at previous examinations, At the very important stage of First Book the teaching in girls school still presents defects, respecting which I have left specific instructions for the teachers guidance; Both departments are in a progressive condition, industrial training appears to be carefully carried on, and the children are orderly healthy and cheerful -

The Reports of the Master and other Officers were read, and Orders made thereon as follows:—

Gentlemen

I beg to suggest that the portion of the shed in the new yard at foot of main stone about 137 6 ft be added to the said stone by bringing forward the wall of same, it will be advantageous in many ways, especially as the wooden supports of the shed are decaying of late and are the only remaining wooden supports and partitions as heretofore in Male and Female yards which you order to be replaced with stone walls within the last few years. —

The Clerk reported to the Board that all the Poor Rate Collectors had closed their accounts with the exception of Collector Dirthistle who has still a sum of £376 outstanding on his Collection,

Collector Dirthistle attended before the Board and explained that his not having closed his Collection before this was owing to his having been ill for most of the past two months; He assured the Board that if he got a little extension of time he would without fail now close his Collection. -

The Guardians gave Mr. Dirthistle till the 17th of March to close his accounts, and informed him that if he did not do so in that period they would leave him to be dealt with by the Commissioners.

The following Letters from the Poor Law Commissioners and others were read by the Clerk, and directions given to answer them, respectively, to the following effect (or Orders made on them respectively, as follows):—

New Letter from Poor Law Commissioners dated 25th March in reference to the resolution of the Guardians proposing to pay the Clerk of the Union the sum of £5. 50/- for travelling expenses and 50/- for remuneration for extra services in relation to the new duties imposed on him under the Comm^{rs} sealed order making certain alterations in Dispensary Regulations, The Commissioners state that there is no objection to the Guardians ^{reimbursing} the Clerk for the expenses incurred by him in the discharge of the duties in question, but they state further, that these duties are not extra and form part of the ordinary duty of every Union Clerk. →

Resolves →

The Guardians think that inasmuch as the duties performed by the Clerk were altogether new, never having been required of him before, and as consequent on the requirements of a Special Sealed Order issued by the P.L. Com^{rs}, under which several distinct duties formerly performed by the Dist^l Com^{rs} and Highway Secretaries were removed from them and imposed on the Clerk, he ought to be remunerated for these new duties,

which carry with them serious responsibilities, in the same way as Relieving Officers are remunerated for the extra duties performed by them under the Vaccination Act. —

Read letter from the Medical Officer of the N.H. asking for leave of absence for 2 days, Dr. Gibbs having consented to discharge his duties during his absence. —

Leave granted
