Topic

LAP - Proposed Material Amendments No 26 Submission

Submission

Dear sir / madam,

I wish to object to the proposed rezoning of the Fernhill lands for housing and education facilities as it will provide access through Glebemount for pedestrians and cyclists which, along with the increase in cars dropping off for the Forest school, will greatly increase traffic congestion. I wish also to object to the density and height of the proposed 3 storey houses / apartments and their impact on Glebemount.

Marilyn Mooney-Hogan,

File
