

Wicklow Skills Strategy: Have your Say!

Wicklow County Council has commissioned KPMG Future Analytics to undertake research to inform the development of a new Skills Strategy for County Wicklow.

The forthcoming Skills Strategy will seek to ensure that County Wicklow continues to have the skills necessary to capitalise on emerging employment opportunities. To inform the Strategy, this study will look to identify existing skills gaps that are not being met at present, and also provide an analysis of available skills that are currently commuting out of County Wicklow.

In order to build up a detailed picture of the existing employment landscape in County Wicklow, we want to hear from you – Wicklow residents employed in the county or commuting to work or study – on your experience and suggestions for creating employment opportunities inside the county.

Please have your say - click here by the 16th of July 2023.

Written Submissions Are Welcome

If you would like to make a written submission to the Skills Strategy or to discuss the project or this survey in greater detail, please email skillsstrategy@wicklowcoco.ie or use the following postal address:
